Cradlepoint	https://cradlepoint.com	Adam Quamstrom, Alyssa Barela	routers and adapters	*enabling customers to Connect Beyond the limits of wired networks.	I have a few friends who work here and the work-life balance seems great. The
DuckDuck Go	https://duckduckgo.com/about		Internet Browser	Our mission is to show the world that protecting privacy is simple.	I like ddg as an internet browser, and I like that these positions are primarily remote
Oracle	https://www.oracle.com/corporate/careers/		Cloud/Database management	From advancing energy efficiency to reimagining online commerce, the work we do is not only transforming the world of business—it's helping advance governments, power nonprofits, and giving billions of people the tools they need to outpace change.	I like that Oracle works with nonprofits, and I have experience using their software from my time at the Y.
Github	https://github.com/about/careers		Git cloud software	At GitHub we build the tools that make collaborating and writing software easier for everyone. We've built a company we truly love working for, and we think you will too.	It would be so cool to work for github! I would really know that the product I'm helping to maintain is making a difference and helping a lot of developers.
Experlogix	https://www.experlogix.com/	AJ Boully	CPQ solutions	Improve your bottom line, increase customer satisfaction, and generate real ROI through the multiple benefits that Experiogix can bring to your business.	Good advancement opportunities, fully remote, my friend AJ told me that I would have a job there if I applied (although it would be tech support at first, which I'm not crazy abs
Boise Watershed Environmental	https://bee.cityofboise.org/visit/boise-watershed		Wastewater Treatment	The Boise WaterShed is designed to promote water stewardship by teaching people of all ages how to protect and conserve our precious resource for future generations.	I'm passionate about environmentalism, and the Boise location would be nice. I would also like to help with local environmentalism efforts.
Applied Materials Inc	APPLIEDMATERIALS.COM		Semiconductors/Materials Engineer	of Our expertise in modifying materials at atomic levels and on an industrial scale enables customers to transform possibilities into reality. Our innovations make possible the technology shaping the future.	I think it would be cool to work for a company that doesnt' exclusively do software engineering, and the benifits here look good.
In Time Tec	https://www.intimetec.com/		Managed Print Service Products	We take care of the software development so you can focus on achieving your business goals.	I think the fact that they've hired multiple codeworks grads is great, and the work culture seems very positive.
Scentsy	https://scentsy.com/		Consumer goods	Truth is at the heart of everything we do, from our relationships to our product development. Because if it's not us.	In College, the chior I was in was hired to sing at the employee Christmas party. I liked what I saw of the culture
Natural intelligence Systems	https://www.naturalintelligence.ai/		multi-vertical online comparison m	al To empower customers to make informed decisions with confidence	Natural Intelligence seems to have a very cool work culture, and focuses on Al and machine learning, something I'm very interested in.
